

# WORDFAST ACADEMIC

EMPOWERING EDUCATION

# WHY WORDFAST?

Our mission is to provide the world's most user-friendly and affordable translation tools. This mission begins with the future of the translation profession: students.

User-friendly means our tools are easy to teach and easy to learn. Affordable means that students won't have to take out another loan to pay for software once they finish their studies.

Our academic program is designed to help teachers easily deploy and teach our software. Students can use our tools for free during their studies and buy a license at a steep discount when they graduate.

# OUR ACADEMIC PROGRAM AT A GLANCE...

Free licenses  
for your  
computer labs

Free licenses for  
students' personal  
computers

Discounted licenses  
for graduating  
students and  
recent alumni

Dedicated user  
community for  
students and  
teachers

Discounted server  
solution for real time  
collaboration

- Teachers and students get hands-on practice using Wordfast. This offer is for computers owned by the academic institution. These licenses are fully functional but do not provide access to hotline support.
- Learning doesn't have to stop at the classroom door. Students can continue working from wherever they want. These licenses are fully functional but do not provide access to hotline support.
- After graduating, students can buy a license with hotline support to kickstart their translation career at a fraction of the cost: only \$90 instead of \$460\*.
- Students and faculty can join our Wordfast Academic Network group on Facebook to get support and exchange with other academics and Wordfast experts.
- Wordfast Server stores TMs and glossaries on a centralized server that can be accessed by students, faculty, or staff anywhere in the world. Teachers can use it to build and centralize corpus for research purposes.
